2025 CATALOG

**CALL**

Arched Cabins LLC is starting a housing revolution. We believe that building your dream space should be simple, sustainable, and strong. Whether you're creating a family home, a rental investment, or an off-grid retreat, let us provide you with straightforward choices to fit your lifestyle and budget.

# CONTENTS

## EXPLORE YOUR ARCH-ETYPE

Our product line is organized into three Arch•e•types: Tiny, Mid, and XL models—each designed to meet the needs of everyone from solo adventurers to growing families and large-scale investors.

Choose your size. Choose your finish. Customize your space. With Arched Cabins, you're not just buying a structure—you're building a future.

## TINY-ARCH

Compact. Efficient. Perfect for Adventure. Our Tiny Arch Series is designed for those seeking simplicity, minimalism, and versatility.

## MID-ARCH

Room to Grow. Built to Last. Our Mid Arch Series balances size and function, making it our most popular line for families, couples, and full-time living.

## XL-ARCH

Luxury, Space, and Endless Possibilities. The XL Arch Series is intended for those who need some serious space—for a large family home, event space, or even an expansive rental property.

## QUICK SIZE GUIDE

Quickly see our various models and their respective square foot ranges.

## THE OVERARCHING MISSION

At Arched Cabins, we believe creating a home should be an empowering experience—one that allows you to Build Your Lifestyle. Our kits are designed to give you the freedom to create something lasting, affordable, and truly your own—without long term financial obligations.

Arched Cabins are more than just a structure—they provide shelter, safety, and a sense of security. Whether you build it yourself or with help, you're not just creating walls, you're building skills, confidence, and a deeper connection to the space you call home.

We're here to support a lifestyle forged from self-reliance and resilience. Where owning a home doesn't have to mean a lifetime of debt, but instead becomes a path toward freedom, independence, and lasting value. Arched Cabins is proud to be part of that journey.

## T8

[GO TO MODEL](#)

T8 is the smallest Arch Cabin, but don't be fooled by the size. A hunting/fishing cabin, additional storage space, or just a place to lay your head while enjoying the great outdoors, the T8 delivers. The T8 may very well be your go-to solution.

2025

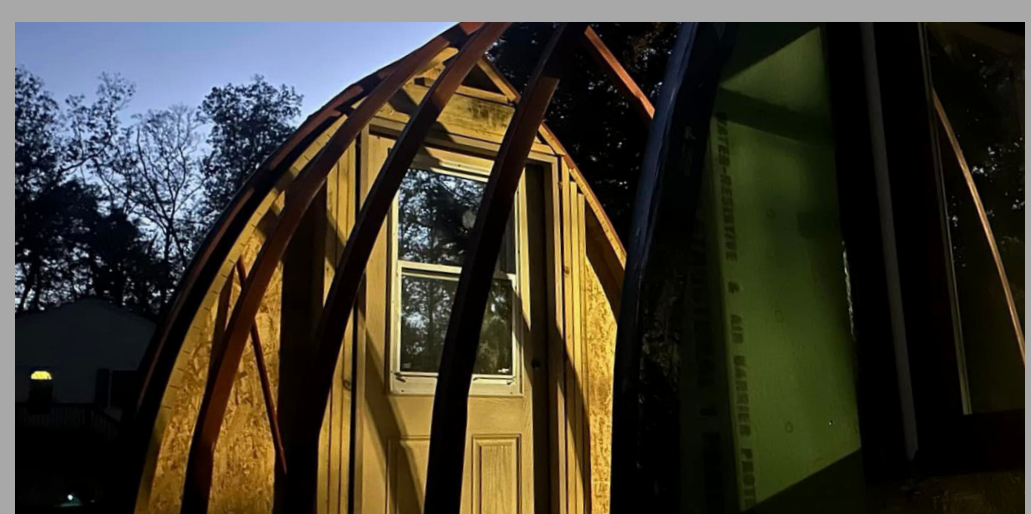

## EFFICIENT

Standard sizes for the T8 include 8,12 & 16 foot depths. Resulting in subsequent square footage floor plans.

*8' Deep - 64 ft<sup>2</sup>*

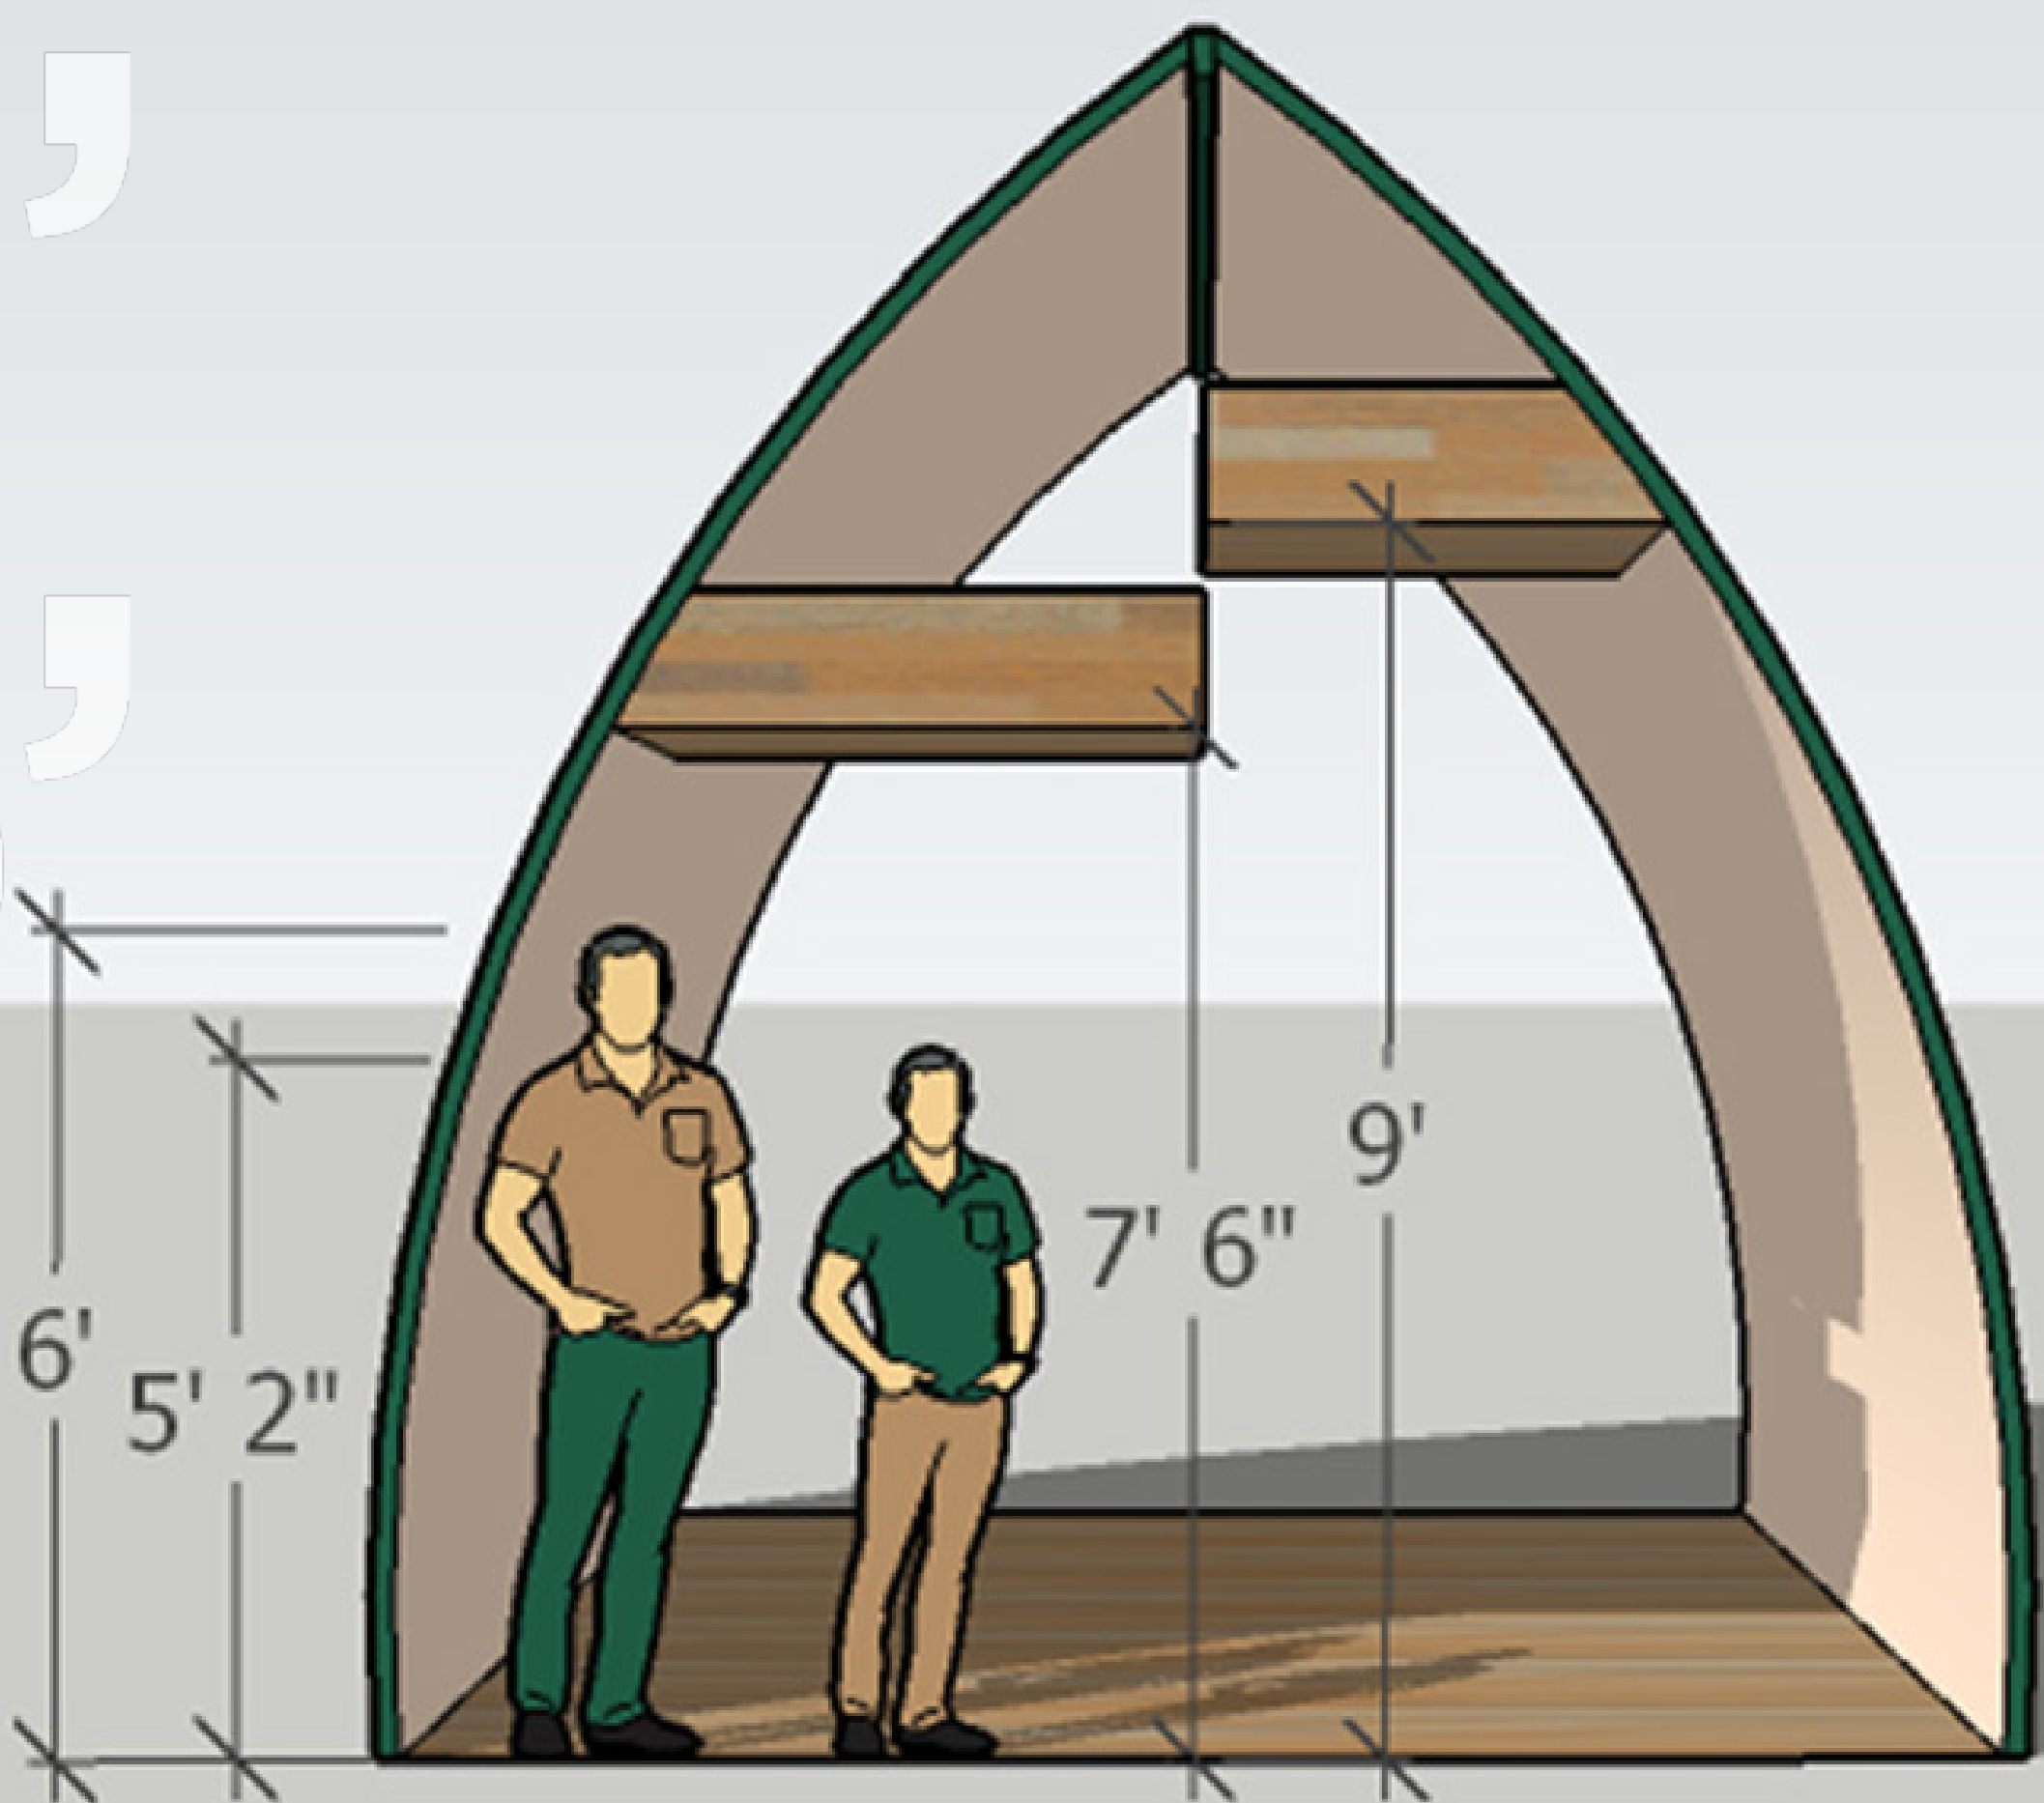

*12' Deep - 96 ft<sup>2</sup>*

*16' Deep - 128 ft<sup>2</sup>*

8'  
12'  
16'

Structural steel “ribs” run every two feet down the length of the cabin making our Arched Cabins even stronger than traditional framed houses. Preferred lengths for the T8 are 8', 12', and 16'. Custom lengths available up to 46'.

## GATHER

Perfect for families, couples and even hosting guests, The Mid Series Arched Cabins remain our most popular choice for entry-level owner-occupied DIY domicile. The height of these Arches allows for a functional loft space, living space, kitchen, bathroom and private quarters.

# M16

28' Deep - 448-779 ft<sup>2</sup>  
32' Deep - 512-890 ft<sup>2</sup>  
36' Deep - 576-1001 ft<sup>2</sup>

[GO TO MODEL](#)

## LOFTY

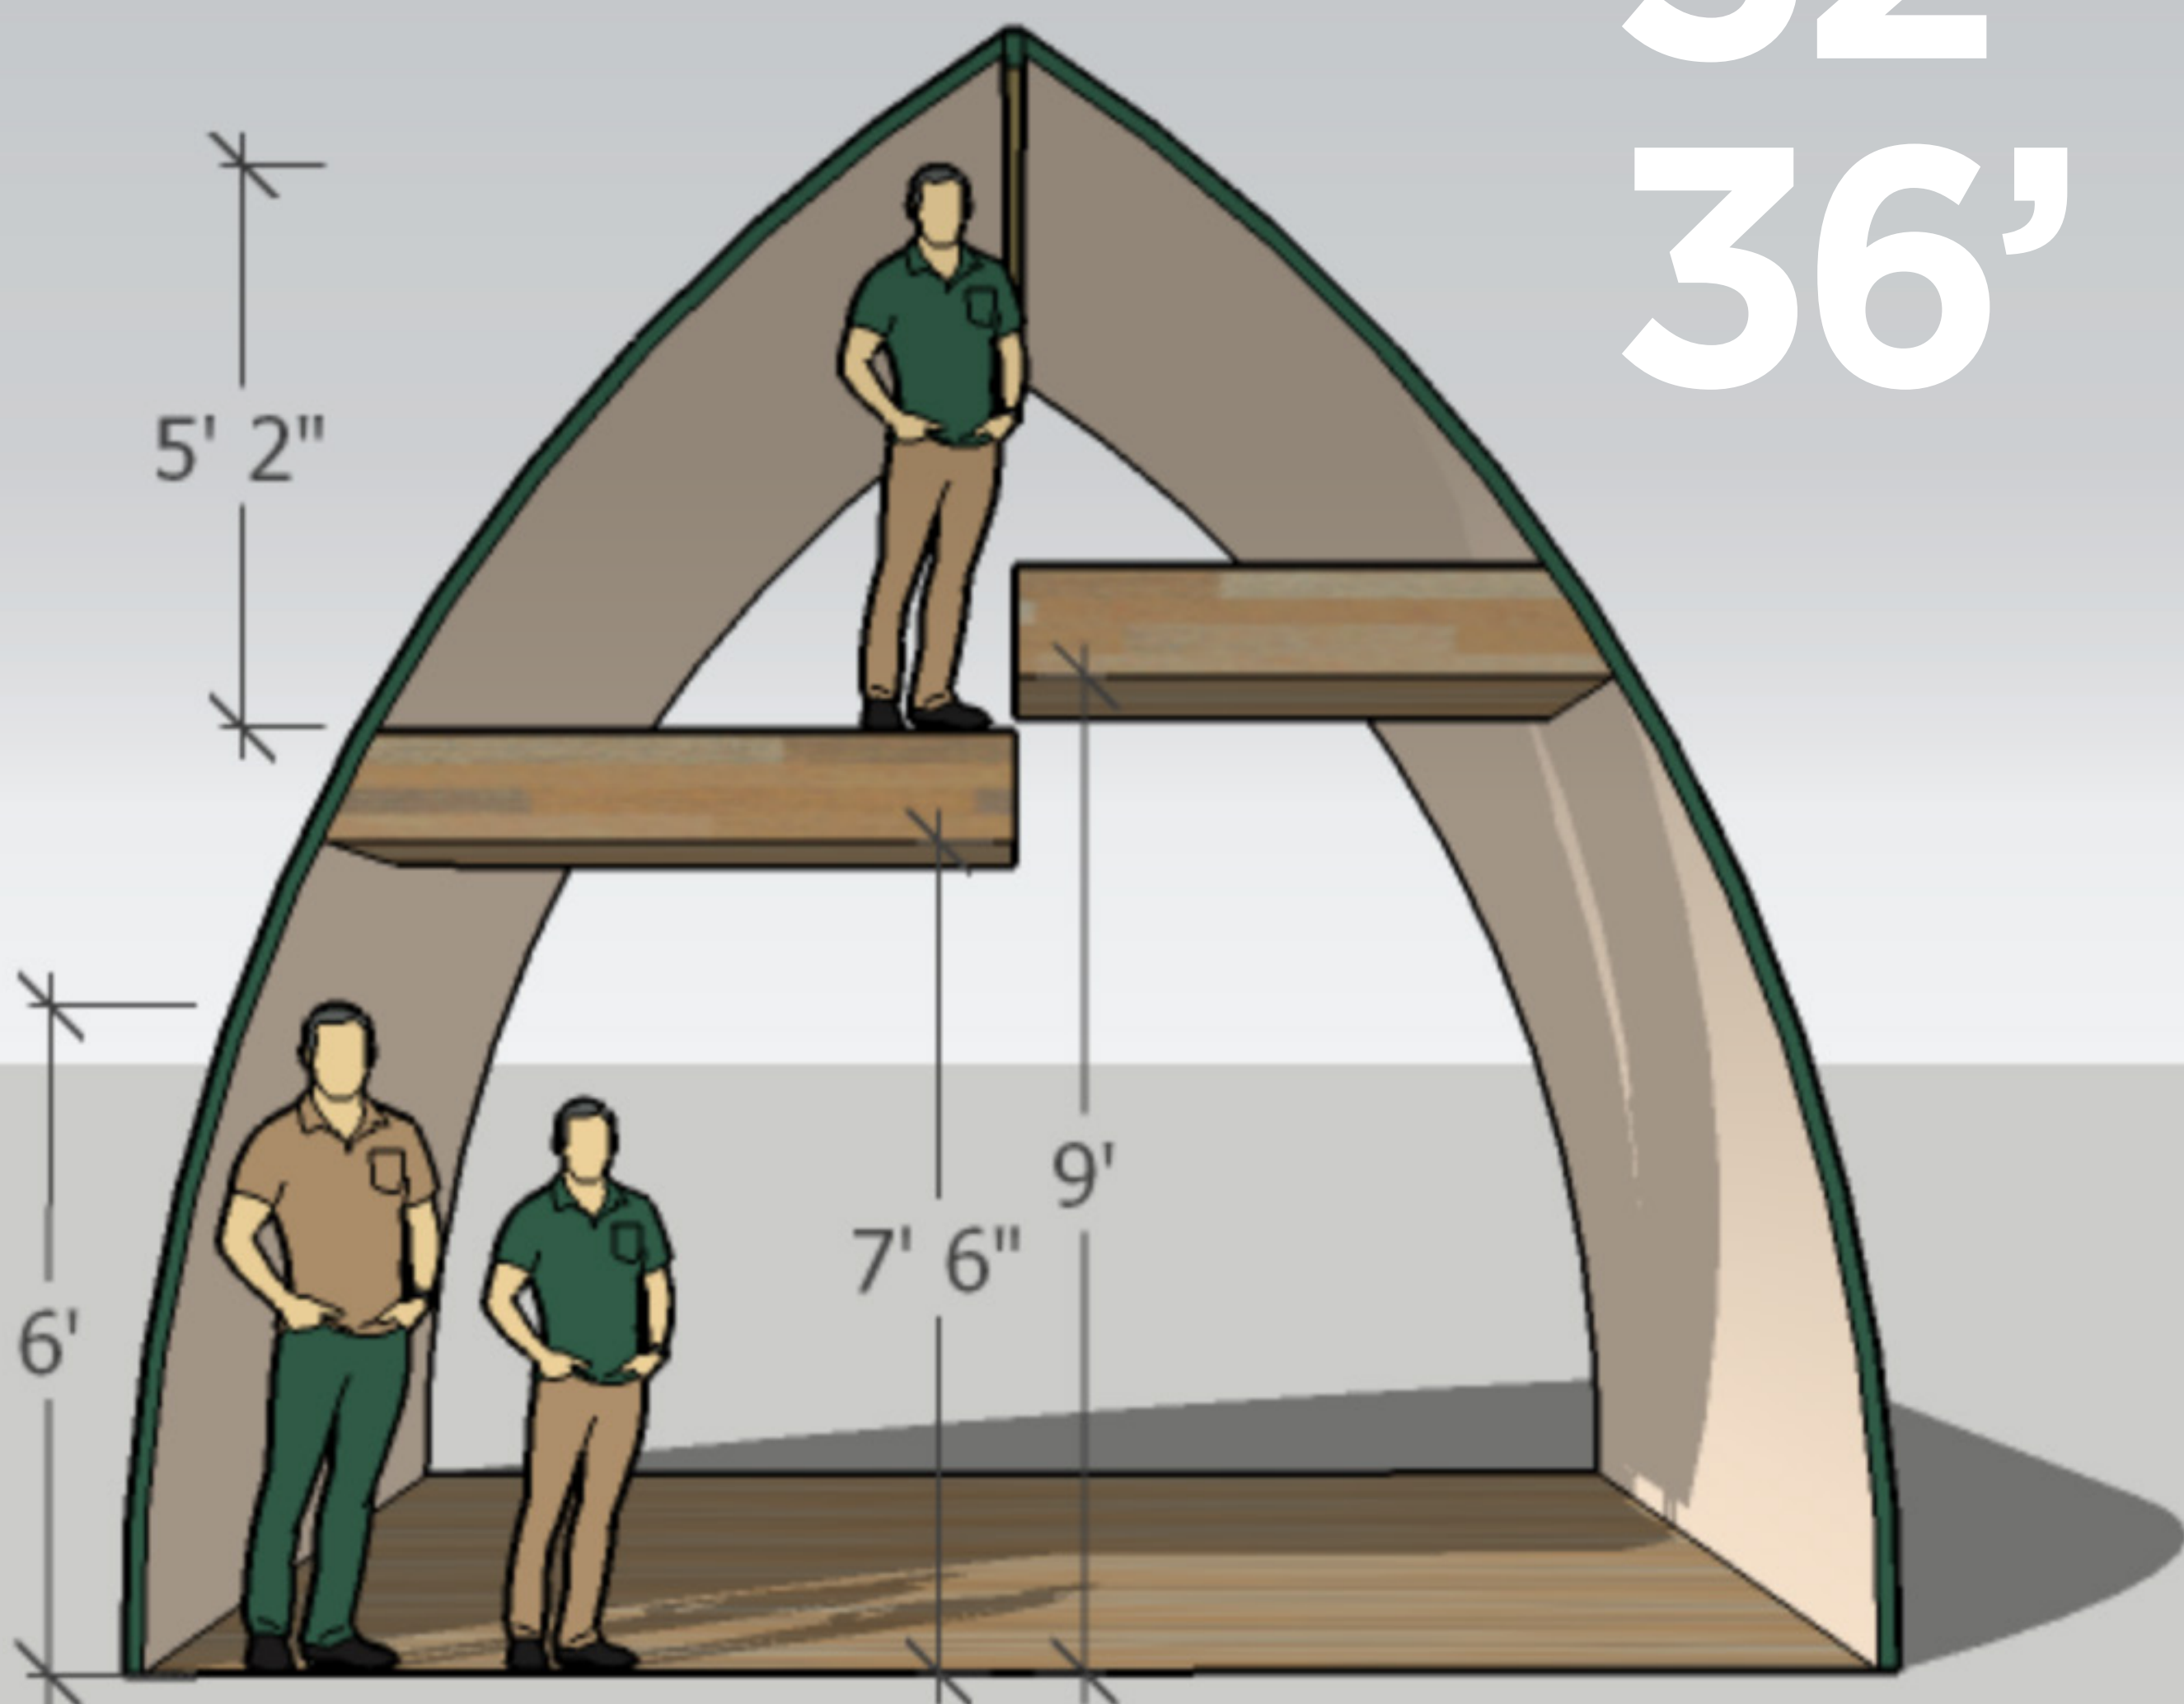

The introduction of the loft in our M16 model really expands possibilities. For first time DIYers this might feel like 'lofty' goal, but between the Arch•Support, and the Community of Archers, guidance is never too far away.

Lean on me.

# M20

[GO TO MODEL](#)

The M20 Series Arched Cabin is recommended in 24, 28 & 32 foot depths creating ample room for you and the rest of the village. As always custom sizes are available.

2025

# BIG STYLE

The M20x24 Arched Cabin sports both style and substance. Boasting up to 912ft<sup>2</sup> with room for primary and guest bedrooms.

# M20

24' Deep - 480-912 ft<sup>2</sup>

28' Deep - 560-1064 ft<sup>2</sup>

32' Deep - 640-1216 ft<sup>2</sup>

The M20 opens the door to full-time living or serious rental income potential. With ample interior space, Archers have a variety of choices for layout. The M20 model opens the possibilities for multiple bedrooms or living areas in your Arched Cabin.

[GO TO MODEL](#)

# GET OUT!

Or just stay in. Sacrifice nothing in our M20x28. Room enough for everything you need and the kitchen sink.

[GO TO MODEL](#)

# M24

The M24 is where possibilities really begin to expand. This model offers generous square footage and layout flexibility. Add lofts, extra bedrooms, or expansive gathering spaces—all with the strength and stability Arched Cabins are known for. The M24 delivers lasting value, whether you're building for business or home.

2025

28' Deep - 672-1276 ft<sup>2</sup>  
32' Deep - 768-1460 ft<sup>2</sup>  
36' Deep - 864-1641 ft<sup>2</sup>

## M24x32

[GO TO MODEL](#)

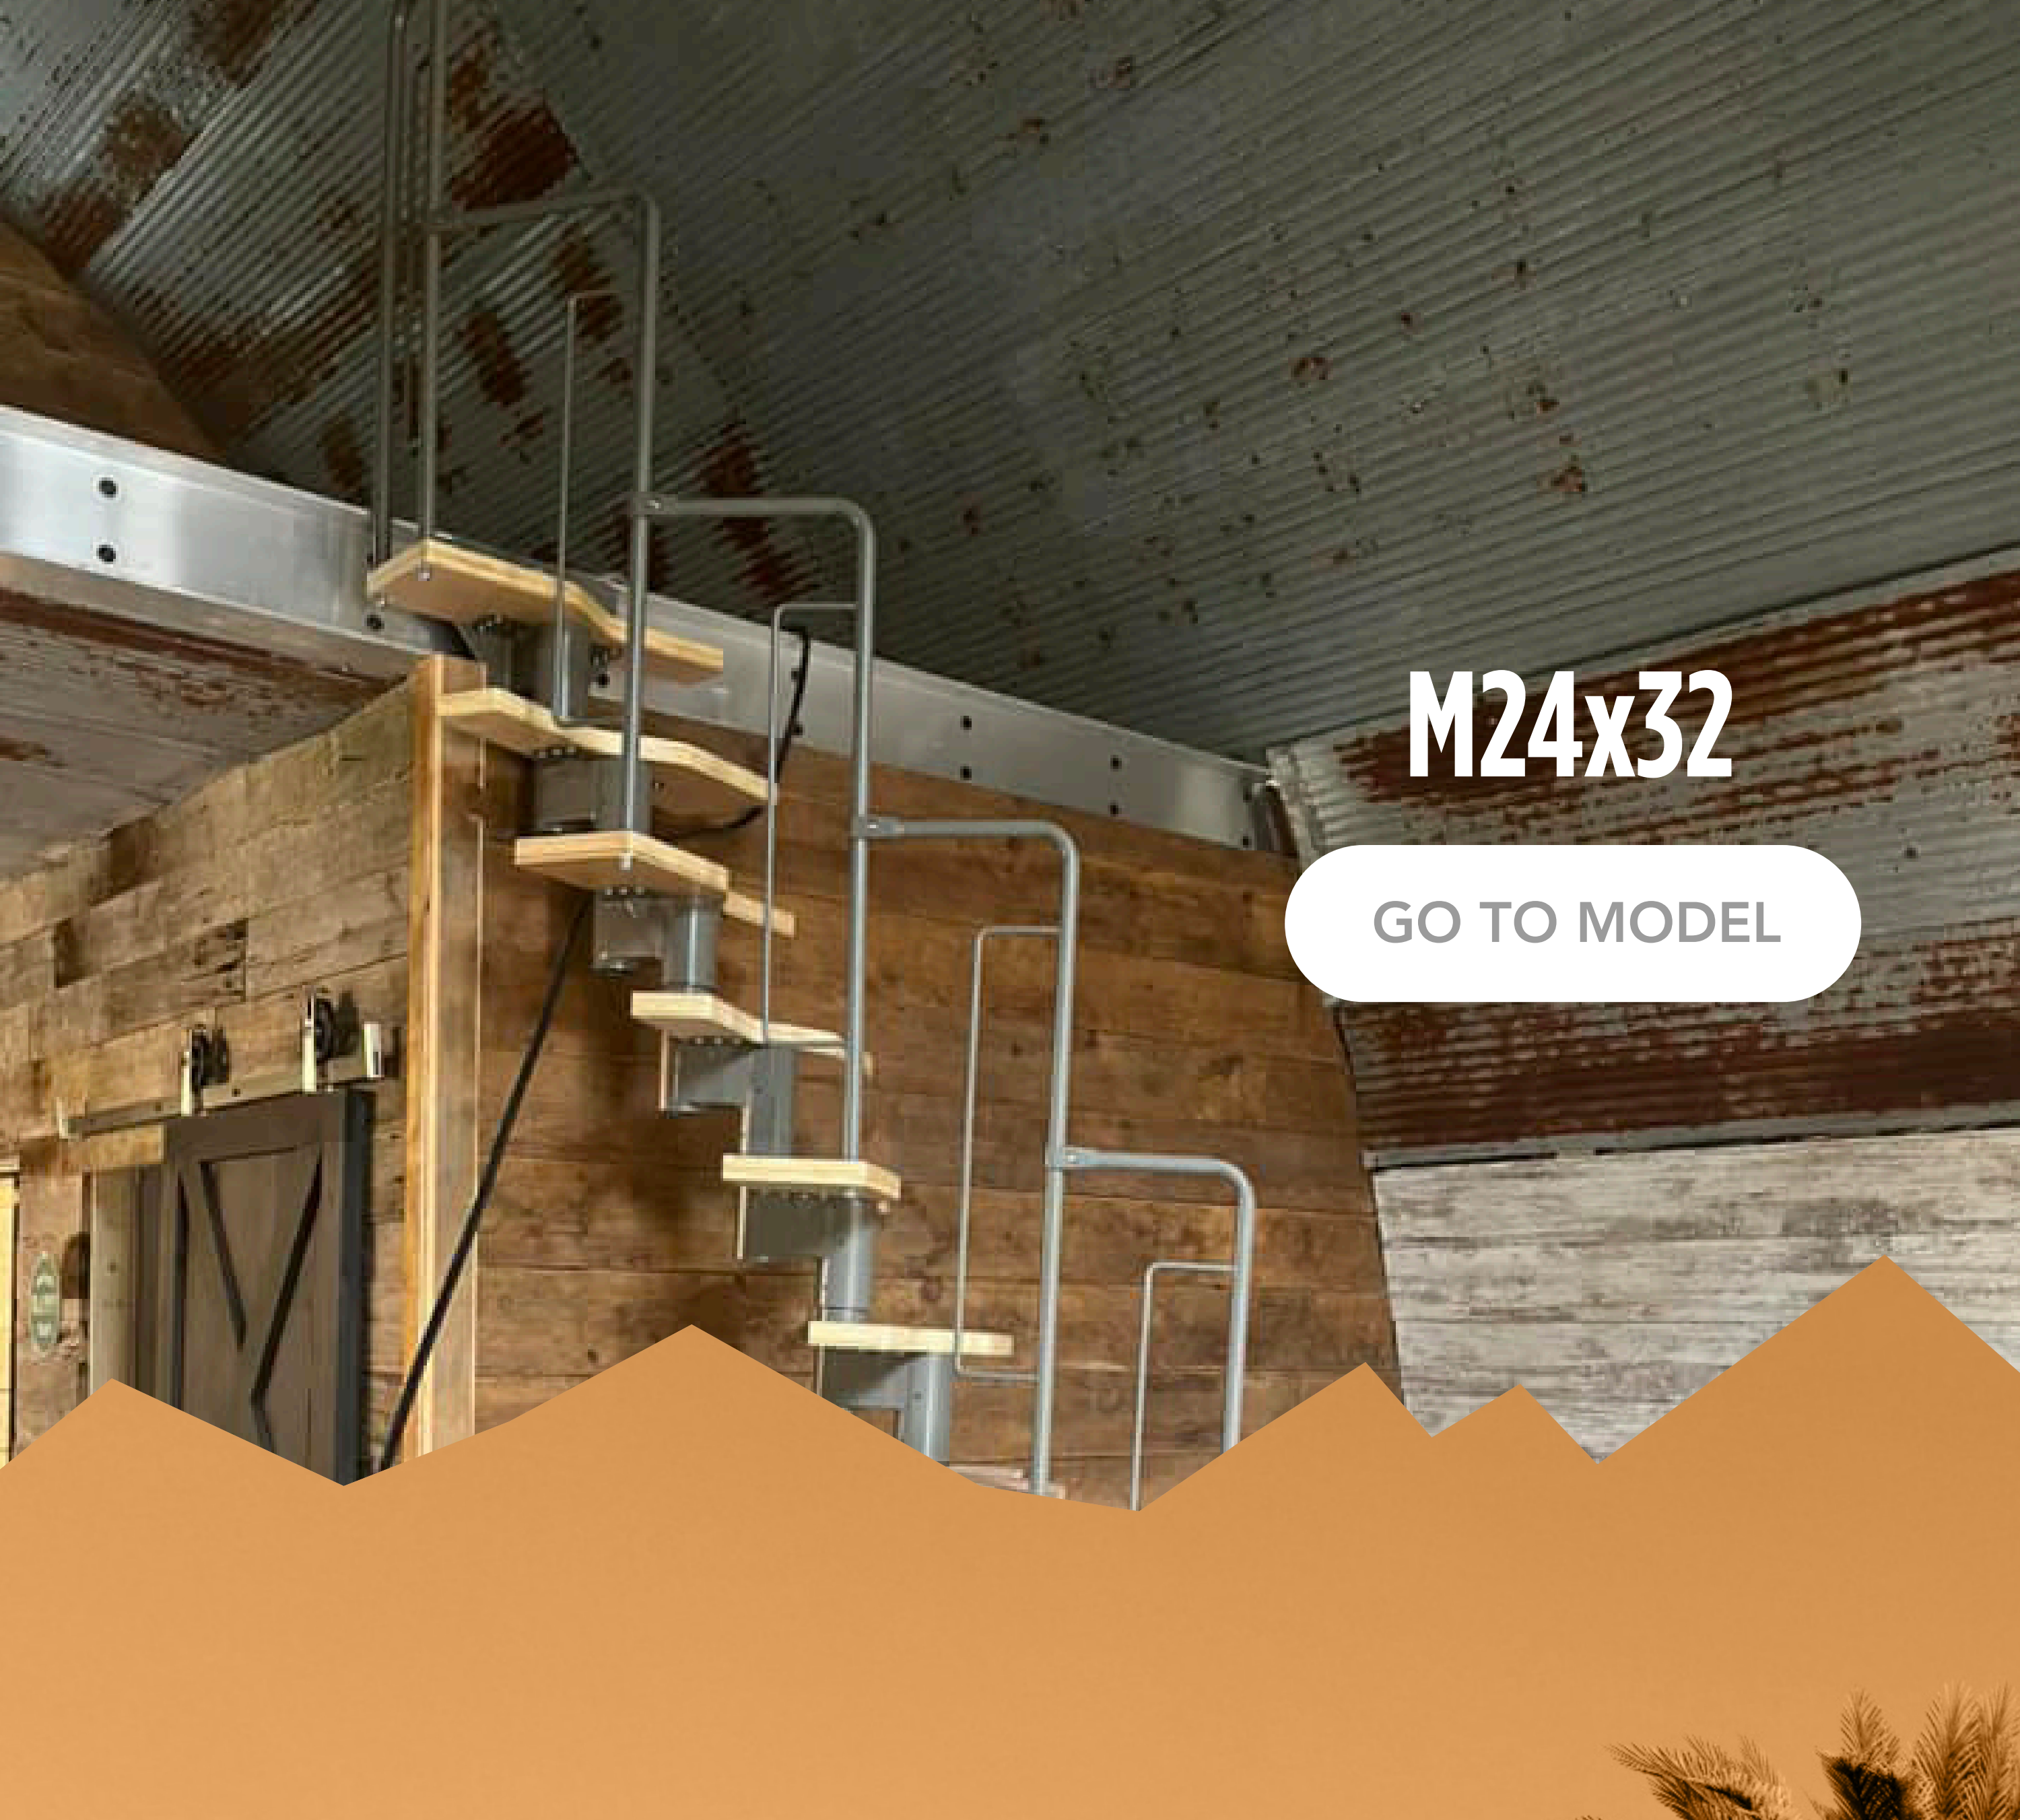

# M24

The M24 Series Arched Cabin is recommended in 28, 32 & 36 foot depths creating ample room for you and the rest of the tribe. Enough space for designers and craftsman alike to sink their teeth in and make it their own.

# XL34

36' Deep - 1224-2358 ft<sup>2</sup>  
40' Deep - 1360-2620 ft<sup>2</sup>  
46' Deep - 1564-3013 ft<sup>2</sup>

Swing for the fences, go for the “Thirty Four”. This rugged DIY cabin retreat sets the bar for high end off grid living. Building your dream home where you want and how you want is what Arched Cabins are all about. The XL Class cabin takes this concept to new heights. Stand in the entryway and take it all in. It’s yours, home sweet home.

JUST  
BUILD  
IT.

SERIOUSLY

# XL34

The XL34 Series Arched Cabin is recommended in 36, 40 & 46 foot depths. The XL Class cabin is all about creature comforts and sizable square footage gains, so custom sizing, as always, is available for the Arched Cabin of your dreams.

The XL34 Series Arched Cabins cut no corners. It has the best of everything. Reinforcing the idea that home is truly where the ARCH is.

# NATURE'S STRONGEST SHAPE.

**YOUR STRONGEST INVESTMENT.**

## YOUR STRONGEST INVESTMENT.

In today's unpredictable world, investing in resilient, cost-effective, and versatile structures is more important than ever. Whether you're building a family home, hunting lodge, fishing camp, RV park, or campground, the arch is the strongest shape in architecture...
